## ABOUT

Hi, my name is Beau Rawlings. I am a diligent, hardworking, creative designer focused on quality, outstanding work in whatever field, or task I am given. I enjoy producing a fresh creative perspective in many different areas of my designs.

I love to explore new ideas, and horizons in graphics and art, as well as, presenting information in bite-size pieces that make it easy for anyone to understand and connect.

I believe in integrating my work with others, and with teams to accomplish great goals. I aspire to rise to challenges, and greatly enjoy completing whatever it is that I set my mind to do.
